Changes coming to the “Teaching Method” dropdown

Districts should be aware that the “Teaching Method” dropdown (PATH : Scheduling > Courses > Course > Teaching Method) will be changing in the early January Infinite Campus update. Several of the indicators previously on the list have been consolidated into the broad heading of “Digital Learning Provider”. There are several new indicators as well to assist EPSB and KDE in tracking specific types of courses. The new list is below.

01: Direct Instruction  
02: 3<sup>rd</sup> Party Contract  
NEW 10: Digital Learning Provider  
NEW 11: Dual Credit – District Offered  
NEW 12: Dual Credit – College Offered  
NEW 13: Credit Recovery – direct instruction  
NEW 14: Credit Recovery – digital learning provider  
NEW 15: Transitional Course – KDE curriculum  
NEW 16: NAF Academy Course  
NEW 17: NAF Academy Dual Credit – District offered  
NEW 18: NAF Academy Dual Credit – College offered  
NEW 19: District Provided self study

KDE has developed an ad hoc to assist districts in identifying courses that will need to be updated. Any course with one of the following teaching methods will need to be updated prior to the district starting the Spring LEAD report in mid-January. The ad hoc should be run now, before the update is applied. The ad hoc, called “LEAD Invalid Teaching Method” can be found in the state published folder. (PATH: Ad Hoc Reporting > Filter Designer > State Published or Ad Hoc Reporting > Data Export > State Published)

03: JCPS Self Study  
04: KET  
05: KVHS  
06: Narvatus  
07: Other Self Study  
08: Other Virtual  
09: Plato
